

Lil Li8 – Reading Lights

Illumin8's i8 reading are a recent addition to our range, they are a locally manufactured LED light. There are a number of options available from Black to Natural, either round base or rectangle and with or without an edge radius. These lights are a 1 watt focused (15 degree) LED that keeps the light focused on the target to reduce light spill to other areas of the room.

i8RL120-2730-B

Wattage: 1 watt
Tube Height: 152mm
Dia: 24mm
